November, 2006 Project

The ACE International Cagayan de Oro Chapter with the cooperation of KIWANIS International Division IV-A had a seminar with parents and children in a barangay in Puerto, Bugo, Cagayan de Oro City last November 18, 2006.

The program started in the morning and ended with a sumptuous lunch for the participants. More that 500 poor children attended the program. They had Parlor games and values formation talk. The parents had separate session with a DSWD personnel regarding the Rights of a Child. We donated 2 basketball balls to the barangay chairman. Children can borrow them anytime they want to play basketball.

Both parents and children enjoyed the activities prepared for them. Some barangay officials were present too. They were very thankful and even requested that these activities be done in their barangay regularly.

KIWANIS members headed by Lt. Gov. Perpe Roque and ACE International volunteers headed by Letty Rea-Roque had a fulfilling and inspiring time with the happy children as shown in the pictures.
